CAREER OBJECTIVE

Aspiring Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and React, along with hands-on experience building responsive and interactive projects. I am seeking an opportunity to contribute to real-world applications, collaborate with a dynamic team, and enhance my skills in modern web development technologies.

SKILLS

- HTML5
- CSS
- JavaScript
- React (Basics)

PROJECTS

1. Simple Quiz Application

Technologies: HTML, CSS, JavaScript

- I developed a Simple Quiz app that allows users to answer multiple-choice questions with instant feedback.
- I created a responsive and interactive interface using HTML, CSS, and JavaScript.
- I implemented localStorage to save user progress, enabling users to continue the quiz later.

2. To-Do List Application

Technologies: HTML, CSS, JavaScript

- I built a To-Do List app that allows users to add, edit, and delete tasks for effective task management.
- I integrated localStorage to ensure tasks are saved even after page reloads or browser restarts.
- I designed a responsive, user-friendly interface that works seamlessly across various devices.

3. Virtual Pet Simulator

Technologies: HTML, CSS, JavaScript

- I created a Virtual Pet Simulator where users interact with a digital pet by feeding, playing, and putting it to sleep.
- I used JavaScript to dynamically update the pet's mood and appearance based on real-time user actions.
- I implemented localStorage to preserve the pet's state, allowing users to resume from where they left off.

EDUCATION

VIGNAN'S University | 2024-2026 (PURSUING)

Master of Computer Applications

Adikavi Nannaya University | 2021-2024

Bachelor of Science

- CGPA: 8.2

INTERNSHIP

Frontend Web Development Intern . |Unified Mentor |

I completed a 4-month internship focused on developing responsive and interactive web applications using HTML, CSS, and JavaScript.
I gained hands-on experience in building user-friendly interfaces, implementing DOM manipulation, handling browser storage (localStorage), and applying responsive design principles.
